

## DETERGENT WITH HYGIENIZING EFFECT WITH HYDROGEN PEROXIDE

- Suitable against COVID-19.
- Highly effective and quick.
- Specific for the cleaning with hygienizing effect of contaminated surfaces.

### SUGGESTIONS

It is recommended to pay more attention to the use of FOR-OXY READY on varnished or limestone surfaces.

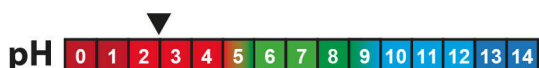

Before use on these surfaces, it is recommended to check compatibility, and by performing a test in a hidden zone.

### DESCRIPTION

It is demonstrated by the scientific literature that Coronaviruses, including the viruses responsible for SARS and MERS, can persist on inanimate surfaces in optimal conditions of humidity and temperature up to 9 days.

For this purpose, the new FOR-OXY READY, which contains 1000 parts per million of hydrogen peroxide, has been formulated by Allegriini R&D laboratories so to intervene against this kind of unpleasant situation. FOR-OXY READY cleans ensuring a hygienizing effect surfaces in a few minutes, making the environment healthy. Furthermore, it is safe for the operator and eco-sustainable: the surfactant content is biodegradable. The product meets various needs both in terms of results and safety and is suitable for all hard surfaces in general: tables and desks, bedside tables, shelves, furniture, wardrobes, shelves, stainless steel top and counters, handles etc. .

## DETERGENT WITH HYGIENIZING EFFECT WITH HYDROGEN PEROXIDE

### FOAMING POWER

Moderated

### AVAILABLE PACKAGING

Box with 12 bottles of 750ml - 016FORE7512T

### USE MODALITY

Ready to use product.  
Spray on the surfaces to be treated and let it work for few minutes. Wipe with a cloth o disposable paper until the surface is dry. On surfaces that came in contact with foods, after the cleaning proceed rinsing with water.
