

LUCIDANTE ACCIAIO PLUS

PROTECTIVE POLISH FOR STEEL SURFACES

- It protects and restores shine to surfaces.
- It leaves a protective layer that prevents stains.
- Mirror effect result in just one step.

SUGGESTIONS

Before using LUCIDANTE ACCIAIO PLUS, it is recommended to clean surfaces with SKIN PRONTO USO in order to facilitate the removal of dirt and grease.

It is recommended not to spray the product on hot surfaces and to avoid direct contact of the product with food.

Should the product be sprayed on surfaces in contact with food, they must be previously cleaned and rinsed.

DESCRIPTION

LUCIDANTE ACCIAIO PLUS is a polish indicated for the care and protection of stainless-steel surfaces.

With its anti-fingerprint formula with special low-odor solvents, LUCIDANTE ACCIAIO PLUS polishes in one step, removing grease and stains from all stainless-steel surfaces.

The product leaves a brilliant protective layer that prevents stains for a long time: splashes and drops of water easily glide over the surface, leaving no traces.

Thanks to its excellent protective properties, LUCIDANTE ACCIAIO PLUS makes cleaning easier and faster. Moreover, it prevents corrosion for a long time. The result is a brilliant surface, mirror effect, without halos or fingerprints.

The product is ideal for use in professional kitchens on hoods, worktops, refrigerators, cabinets, shelves, etc.

It is used in all catering activities such as bars, restaurants, grocery stores, butcher shops, bakeries, fishmongers.
